

THABELO MATSA

Makhado Town, Polokwane City | 079 674 7921 | thabelomatsa455@gmail.com

PROFESSIONAL SUMMARY

I am currently busy with my Bachelor of Earth Science in Hydrology and Water resources and have completed an online course on the Alliance for Collaboration on Climate and Earth System Science. I have also attended the Habitable Planet Workshop and through this and my education, I have attained functional skills in water sampling, data collection, storage compilation and analysis, research techniques, laboratory practice and public speaking. I am eager to begin my career in my chosen field in a role in an organisation where development and growth are important.

PROFESSIONAL SKILLS
